

HELP XANDER FIND A CURE!!!

Help the Fight Against MS

My name is Xander, and I am a certified Therapy Dog with **Therapeutic Paws of Canada**, and I'm trying my best to let people know that we dogs can help as well.

A few years ago a very good friend of mine was diagnosed with **Multiple Sclerosis**. It's very hard for me to know that such a young and incredible person would have to go through so much. But how could I help? How could I fight back?

This is how. By supporting the MS Society of Canada and taking part in the Super Cities Walk. By pledging funds towards research and treatment of this disease, we can help out loved ones fight and prevent it. In **2006** I raised over **\$1000** to help against the fight.

Help me in 2007 and let's reach a goal of \$1500.

You can donate online to the MS Society of Canada website
